

# 3rd Annual ECEPTS Conference on ECE Apprenticeship

Registered Apprenticeship is fast becoming a predominant approach for preparing newcomers to the ECE field and incumbent workers wanting to ascend the ECE career ladder. Join us as we gather once again to learn from each other, share successes and challenges, and foster a burgeoning national network around building Registered Apprenticeships to meet the workforce development needs of the ECE industry.

## CONFERENCE HIGHLIGHTS

- **ECEPTS Apprenticeships 101** - Pre-Conference Institute on May 6th for folks new to ECEPTS or Apprenticeship, and those who'd like a refresher.
- **ECEPTS Apprentices** share first-hand experiences and the impact of apprenticeship on their academic and professional trajectories.
- **Designated Workshop Tracks** (e.g., Head Start, sustainability, policy, degree-based programs, center- and home-based programs).
- Expanded opportunities for **networking, peer learning, and building relationships**.
- A broad and diverse coalition representing ECE, higher education, workforce development, philanthropy, and advocacy.
