Reflections from ECEPTS Boot Camp Participants....

"The ECEPTS Boot Camp was exactly what our community college needed to advance our apprenticeship initiatives. The Boot Camp provided the framework, replicable strategies, and industry-specific guidance that have become the foundation of our current work."

- Joliet Junior College, Illinois

"We attended the Boot Camp just as we were beginning to develop our Early Learning Apprenticeship. And even though we were the only ones from Alaska, we had so much in common with other participants around overcoming barriers to success."

- AEYC-SEA, Alaska

"The ECEPTS Boot Camp provided an invaluable opportunity that will undoubtedly shape our strategies moving forward. The interactive sessions facilitated learning from peers, and fostered a collaborative environment in which diverse perspectives were shared and appreciated."

- Porter-Leath Early Childhood Support Center, Tennessee

"Attending the ECEPTS Boot Camp was a transformative experience, and instrumental in our journey to pioneer the first ECE Registered Apprenticeship in Louisiana. It fortified our resolve about the urgent need to develop such programs for ECE workers in our state."

- For Providers By Providers, Louisiana
