4TH ANNUAL ECEPTS CONFERENCE ON ECE APPRENTICESHIP

Each year, the ECEPTS Conference on ECE Apprenticeship informs, inspires and empowers a broad and diverse national coalition of ECE stakeholders and apprenticeship pioneers. Breakout Sessions highlight the full range of participants' interests: ECE apprenticeships for both newcomers and incumbent workers; new, emerging and well-established programs; community-based and statewide initiatives. Plenary Presentations give voice to ECE apprentices and national leaders. As one participant noted, "This conference is one-of-a-kind! So informative and well-executed, I come back every year!" Hope to see you in Austin!

CONFERENCE HIGHLIGHTS

- Breakout Session Tracks (e.g., center-based and home-based programs, degree-focused programs, funding and sustainability, Head Start, youth apprenticeship).
- Expanded opportunities for networking, peer learning and building relationships.
- National gathering of leaders representing Early Care and Education, higher education, apprenticeship system and workforce development, policy and advocacy.

PRE-CONFERENCE INSTITUTES

- **ECEPTS Apprenticeship 101** - For Apprenticeship novices, to help newcomers make the most of the Conference.
- **Head Start Apprenticeship 101** - For Head Start leaders to consider ECE Apprenticeship through a Head Start lens.
- **State ECE Leaders Apprenticeship 101** - A chance to explore building statewide systems of ECE Apprenticeship.
- **ECE Apprenticeship 201** - For Apprenticeship aficionados, a more advanced exploration of essential elements of apprenticeship programs.
